PROFESSIONAL SUMMARY

Dynamic Computer Science graduate from BINUS University and current Programmer at CV Seven Smarts Indonesia with a proven track record in Full Stack Development. Experienced in architecting scalable web and mobile solutions using Laravel, Flutter, Next.js, and PostgreSQL, complemented by practical knowledge of AWS cloud services such as S3 and Cognito. Skilled in designing complex data architectures and secure identity management systems, with a strong foundation in collaborative development from previous roles at PT Menara Astra.

WORK EXPERIENCE

Programmer | CV SEVEN SMARTS INDONESIA Dec 2025 – Present

- Architected and developed a full-stack web application using Next.js and PostgreSQL, leveraging AWS S3 for scalable cloud storage and AWS Cognito for secure identity management.
- Developed and maintained integrated applications, utilizing Laravel for robust back-end APIs and Flutter for responsive, cross-platform mobile interfaces.
- Collaborated in building scalable software solutions to meet various project requirements and enhance overall user experience.

Full Stack Developer Intern | PT Menara Astra 2022 – 2023

- Gained hands-on experience with Angular, HTML, CSS, and JavaScript through code reviews, pair programming, and collaborative team projects.
- Developed and maintained web portal APIs using the Laravel framework and MySQL database.

ACADEMIC PROJECT

Website Rumah Kos Nur Residence (Skripsi Project)

- Collaborated with a teammate to develop a web application named Nur Residence, aimed at managing boarding house (kos) residents and financial records.
- Designed and implemented an integrated information system for tenant management and financial tracking.
- Utilized the Laravel framework for both front-end and back-end development to ensure a seamless and efficient user experience.

EDUCATION

Bachelor Degree in Computer Science | Bina Nusantara University 2019 – 2025

- GPA: 3.01/4.01

High School Diploma in Science | SMAN 89 Jakarta 2016 – 2019

ORGANIZATIONAL & VOLUNTEER EXPERIENCE

Vice Chairperson - 17th August Event | Youth Community Organization Aug 2023

- Assisted in leading the organizing committee and coordinating overall event execution.

- Responsible for contacting vendors, performers, and necessary parties to support the success of the event.
- Strengthened communication and leadership skills through active involvement in stakeholder coordination.

Qurban Meat Distribution | *Youth Mosque Organization*

Jun 2023

- Enhanced organizational and coordination skills by managing qurban meat during the Eid al-Adha event.
- Responsible for the preparation, packaging, and timely distribution of meat to donors upon collection.

Public Relations | *MPK SMAN 89 Jakarta*

2017 – 2018

- Improved leadership skills within the organization.
- Successfully provided supervision and accountability for all programs organized by OSIS.
